Works notification

Ballarat East Zone Substation Night and early morning works Wednesday, 4 February 2026

Powercor is building a new substation in Ballarat East to enhance the city's energy network and ensure ongoing reliable power access for homes and businesses.

Works

The new transformer will be delivered to 203 York Street (see map on the next page). The delivery will take place between **3am and 6am**, with works **continuing until around 9am**.

When

Due to the size and timing requirements of the delivery, this work will be carried out in the early hours of the morning.

Works will take one day to complete and will be carried out on:

- **3am – 9am, Wednesday, 4 February 2026**

If works cannot be completed on this date, they will take place on:

- 3am – 9am, Wednesday, 11 February 2026

York Street traffic, parking and footpath impacts

- During works there will be traffic management on **York Street** between Larter Street and King Street South.
- **The York Street footpath next to the site will be closed.** Foot traffic will be redirected during this time, but the bus stop will remain accessible.
- The **Pennyweight Park/York Street bus stop** on Route 20 (towards Canadian) will be temporarily relocated 20 metres before its current position.

What to expect

- Large trucks and support vehicles will deliver the transformer to site.
- Cranes and other heavy machinery will be used to carefully move the transformer into place.
- Traffic management will be in place to safely guide vehicles and pedestrians around the area.
- Some noise is expected at times while machinery is operating.
- All works will be carried out by Powercor crews and authorised contractors.
